Building Surveying Experience

Tony has primarily gained his Building Surveying experience in local government, but has also taken on board roles in project management and construction supervision. This has provided Tony with invaluable all round knowledge of building construction practices and techniques and industry issues.

Since joining Katnich Dodd, Tony is working on consolidating his building surveying knowledge and continues to work on a wide portfolio of projects, He enjoys developing and cultivating long term client relationships and his enthusiasm for the work at hand has seen Tony quickly become a valued part of the Katnich Dodd team.
